TWISS GREEN

Achieving, Caring and Growing Together

## Neurodiversity Umbrella Display

We hope you have enjoyed seeing our umbrella display outside the front of school this week. The Neurodiversity Umbrella Project has been designed by the ADHD Foundation:

*Every Umbrella Project installation helps to raise awareness and understanding of neurodiversity. Thousands of colourful umbrellas are strung together over public spaces, in schools, and in company buildings around the nation. Each display is designed to represent the one in five of us who have a neurodevelopmental condition, such as ADHD, Autism, Dyslexia, Dyspraxia, Dyscalculia or Tourette's syndrome. These conditions fall under the umbrella term of neurodiversity. We are changing the perception of neurodiverse/neurodivergent people and celebrating all the many strengths that come from thinking differently.*

We have been so pleased to hear the conversations about neurodiversity that our umbrellas have already sparked and look forward to continuing to raise awareness and celebrating the neurodiverse members of our school community. Please come and have a look if you haven't had chance yet!

*Respect, Resilience, Relationships*

<b>Friday 19th July</b>	<b>Y6 Leavers' Assembly, 1.30pm</b>
<b>Friday 19th July</b>	<b>Break for summer at 2.30pm</b>

### End of Summer Term

We know that this time of year is a busy one with so much going on! We will do our best to send out reminders, but please don't hesitate to get in touch to ask if we can clarify any arrangements.

We hope that the children enjoyed their transition sessions earlier this week and are feeling ready and excited for the new school year ahead. If your child does have any concerns, or you feel we can help to support their transition further, please do let us know.

### **Committed to Inclusion**

We are pleased to share that we have been awarded Warrington's Committed to Inclusion Mark for 2023—24 for supporting and promoting inclusive practice. Being an inclusive school is something we are proud of and we will continue to work hard next year to develop our inclusive approach further.

### **Message from our Governors**

Last week a group of governors came into school to look at the Geography and Computing curriculum and also to see Year 6 dissecting hearts! We loved seeing the work the children were doing and the passion and enthusiasm for learning. The children were all keen to share their learning with us and it was great to see the Geography and Computing curriculums in action in school. We also enjoyed watching Year 6 dissect hearts, it was great to see this practical science lesson and the way it helped the children consolidate their knowledge.
