TWISS GREEN

Achieving, Caring and Growing Together

Well Done Year 6!

We are so proud of our wonderful Year 6 children who have approached their SATs this week with an incredibly mature attitude. They thoroughly deserved their treat afternoon today and there were big smiles when the ice cream van arrived! A big thank you to all the staff who have supported the children through their tests and made sure that they have had a lovely end to the week.

Parking Reminder

Please can we remind all families to park considerately when dropping off and collecting children. We do appreciate that finding a parking space can sometimes be tricky, but ask that parking is always considerate of our neighbours.

Maths Curriculum Evening

A reminder about our maths curriculum evening next week!

All parents/carers are invited to join us for our maths curriculum evening on Wednesday 17th May at 5pm. The evening will consist of a presentation which looks at how we teach maths across school at Twiss Green and there will also be an opportunity to have a look at the resources we use and ask any questions you may have. We look forward to seeing many of you there!

Chicks!

There has been much excitement in school this week with the safe arrival of 10 chicks in Year 2! The children will be able to enjoy watching the chicks grow and develop over the next two weeks before they are returned to the farm they came from. We are hoping that the duck eggs in Reception will start to hatch next week—keep an eye on Facebook for updates!
